Work Sheet for Student

Notice to all Employees

Until now, Realtime's accounts department has been ordering office stationery for all departments on a monthly basis. Orders have grown so much in the last few months that we have decided this arrangement is no longer suitable.

From now on, the arrangements will be as follows:

- Each department will fill out its own stationery order.
- The secretary in each department will be responsible for placing the order with the accounts department.
- Each department may place up to one order per month.
- Each employee is responsible for filling out a form informing the department secretary as to his or her needs.
- Department secretaries must forward their invoices to the accounts department.

The above arrangements are for a trial period of three months. After three months, we will review this policy.

The Management

25. What is being announced?

- Ⓐ A change in office procedure.
- Ⓑ A new stationery supplier.
- Ⓒ An audit by the accounts department.
- Ⓓ A new secretary has been added to the staff.

26. What will happen after three months?

- Ⓐ Employees will fill out a questionnaire.
- Ⓑ The secretaries will report to the accounts department.
- Ⓒ The accounts department will issue a report.
- Ⓓ Management will re-evaluate the new policy.

TailFree Wireless Computer Mouse

The TailFree Wireless Mouse uses a high-tech laser tracking system. This system allows it to work on almost any surface, from a wooden desktop to the soft fabric of your couch.

Twenty times more accurate than your average mouse, the TailFree mouse can detect the smallest movements, and does not lag or skip.

The TailFree's size, shape, and smooth glide make it extremely comfortable to use.

I agree with your first claim; I've used the TailFree on my glass desk, my wooden coffee table, and my stone countertop and it worked on every surface. But I disagree with your next claim, that the mouse has no lag. My TailFree has a big lag problem. It often stops working suddenly and takes a couple of seconds for it to work again. This can happen a few times every hour. It's very annoying! The second problem I've had with my TailFree is the battery life; instead of lasting a few weeks, as promised, it loses its charge after only five days.

I'm very disappointed and frustrated with this product!

Dear Casey T.,

We're sorry you are experiencing difficulties with your TailFree Wireless Mouse, and we are here to help. The battery issue will most likely be solved by removing the battery from the mouse and putting it back in. If this doesn't correct the problem, contact us and we'll send you a new battery, free of charge.

Regarding the lag issue, try re-installing the software. If that doesn't work, visit the troubleshooting page on our Web site:

TailFreewireless.com/troubleshoot, or call our Technical Department toll free: 1-800-555-6757.

We thank you for your purchase and apologize for any inconvenience.

Sincerely,

The TailFree Customer Service Team
