Subject: 3-D Printers for Office

From: Mikael Martin

As we discussed in last week's meeting, we will be ordering two 3-D printers for the office. These printers will allow us to create our own prototypes, so we won't have to rely on outside vendors. This will save us time and money, and give us control over the quality of our prototypes.

Paul Adams is in charge of researching and purchasing the 3-D printers. Any questions, suggestions, or comments regarding the printers should be sent directly to him.

Sincerely,
Mikael Martin

Hi Rochelle,

As you know, I've been researching 3-D printers for the company. I think I've decided on the Modelize brand of 3-D printers. Modelize printers have received excellent reviews.

Are you free today or tomorrow to discuss?

Best,

Paul Adams
